

St. Mary / St. Stephen Cemeteries

The cemeteries offer traditional ground burials....Mausoleum crypts....and cremation burials in columbarium and cremation garden. The two cemeteries are cornerstones of our community representing both local history and the legacies of the families memorialized.

St. Mary Cemetery is located at 4030 Pleasant Ave. (Rt. 127). As you enter the north gate, a Belle Tower is surrounded by landscaping and memorial bricks that enclose three granite columbarium's that are designed for cremation entombment.

St. Mary Cemetery

St. Stephen Cemetery located at 1314 Greenwood Ave. also offers a columbarium and a cremation garden next to the mausoleum.

St. Stephen Cemetery

Traditional burial spaces are available for cremation throughout both cemeteries.

There may be up to three cremation burials made on a single grave.
